Professional Profile

An international student taking my Master's degree in IT in RMIT, committed and eager to work as a web developer/designer/maintainer.

Relevant Achievements and Experiences

UI/UX designer for Idea Studio (Capstone project: AI System & Agentic in muru-D) *2026*

- Collaborated in a team of diverse and specialized IT background to produce a multi-agent AI-powered webapp that helps with prototyping.
- Used the scrum software development methodology.

Became a peer mentor in RMIT for Web Programming A, Programming A, and Database Concepts A *2025-2026*

- Communicated with empathy by encouraging peers in need of support.
- Displayed self-awareness and accountability by being open to knowledge gaps.
- Managed time to tutor peers, continue my own studies, indulge in other activities, and take care of my personal life.

2nd Place winner in the 2025 WorldSkills National Competition in Web Design and Development *2025*

- Represented Team Victoria in a national level competition.
- Managed time and resources across 3 days of rigorous tasks in various aspects of website and API design and development.
- Was able to work under pressure and come out second in the Australian national level.

3rd Place winner in the 2024 WorldSkills Regional Competition in Web Design and Development *2024*

- Produced a valid and professional website, along with database integration, within a 6-hour time frame.
- Independently applied my skills in HTML, CSS, JavaScript, PHP and MySQL in a pressured environment.

Volunteer in the multimedia of a Church organization (GMS Melbourne) *2024-Present*

- Applied time management adapt to flexible schedules.
- Communicated as a team player to work under pressure during a live service.
- Willing to accept feedback and learn from mistakes.
